

October 2022 – The Silk Road: Adventure and Culture in Uzbekistan

01 - 16 October 2022

Small group departure, maximum 15 people. The ancient trade route connecting the mysterious East with the West, the Silk Road, will be the thread of our adventure. It was not only a gateway for precious silks and spices, but also for art, architecture and above all ideas and culture. As modern travelers we will visit some of the most important historical sites in all of Asia: ancient archeology, swarming bazaars, intricate mosques and evocative desert areas. We will travel aboard 4x4 cars, minivans, trains and airplanes through the whole of Uzbekistan, a country where nature blends with history and traditions are present in the most everyday aspects: both in the small shops where carpets and tapestries are created, as in laboratories where wooden lutes are built. We will have the opportunity to visit some of the most important commercial centers of antiquity located along the Silk Road such as Khiva, Bukhara and Samarkand; minarets, mosques, markets, fortresses, caravanserais; artisan workshops and the picturesque valley of Fergana; but Uzbekistan is not only culture, it offers unique natural spectacles such as the Aral sea and the Ustyurt plateau that we will reach by 4x4 cars, the Kyzylkum desert and the Aydarkul lake with its deep blue waters.
